Test Single Question

Enter your question:

What types of procedures are covered under day care treatment?

Ground truth answer (for comparison):

Day care procedures include treatments undertaken under anesthesia in less than 24 hours that would otherwise require hospitalization, such as cataract surgery, ERCP, colonoscopy, arthroscopy, and many others listed in Annexure I.

Evaluate

Question

What types of procedures are covered under day care treatment?

Ground Truth

Day care procedures include treatments undertaken under anesthesia in less than 24 hours

RAG Answer

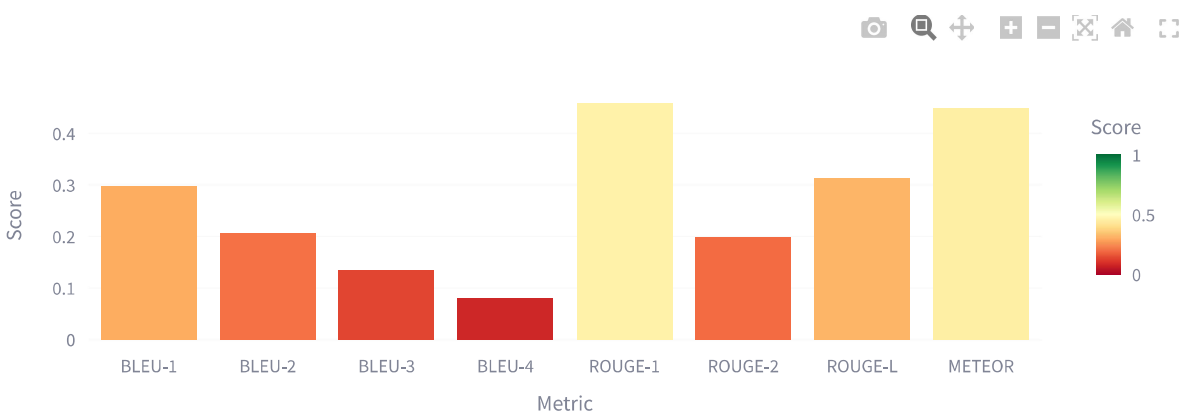

Day Care Treatment refers to medical treatment, and/ or Surgical Procedure which is i. undertaken under General or Local Anesthesia in a Hospital/ Day care centre in less than 24 hrs because of technological advancement, and ii. which would have otherwise required a hospitalisation of more than 24 hours. [Source 1]

that would otherwise require hospitalization, such as cataract surgery, ERCP, colonoscopy, arthroscopy, and many others listed in Annexure I.
